

Bug report:

“Wins” counter never goes up; every round is counted as a player loss, no matter what.

Server.js line 77

Bug report:

“Get all robots” button doesn’t work; the array is defined as “bots” but is referred to as “botsArr” in the function. Server.js line 18

Test Case:

User should be able to view all the bots they could draw.

1. Open app
2. Click “See All Bots”

Expected result: A list of all possible bots should display.
